SOULBRIGADA

Biography

SoulBrigada was founded in 2009 by the german artists & musicians Alex D. and Fabio V. With this project they want to pull down stereotyped thinking and musical barriers and present a wide range of various music. As the name SoulBrigada associates, Soulmusic is obligatory for them but they're not limited to this genre – the main point is the SOUL in the music.

Since then they played on several festival, radio stations & clubs from Lisbon, Split, Vienna, Zurich, Frankfurt. SoulBrigada is organizing the 'Global Underground Music' event series at 'Spielboden Dornbirn' (Austria) since 2014 together with the KOGA-crew and international guest-dj's such as Dedy Dread, Shantisan, Palov, Quincy Jointz, Voodoocuts and others. In this location they're also running a regular record fair. In 2015 SoulBrigada started hosting a monthly radioshow on the Zurich based radio station GDS.FM and presenting gems from the vaults, guest-mixes & livesets.

In 2011 their remix of "Gilles Peterson's Havana Cultura Band" was published as an exclusive & limited 12" vinyl-only release on Poets Club Records (Germany). In summer 2013 two of their Funk & Soul-Edits (7" Single) was released on KAT45 Records (UK). In June 2016 the own record label „Matasuna Records" was launched and the debut – a 12" ep with reworks from SoulBrigada & Voodoocuts - released. Further releases already queued and will be published later in 2017. Stay tuned!
Also watch out for various SoulBrigada reworks of rare Disco, Funk & Soul-Joints on Soundcloud.
